Highlights

- Newly designed Internal Battery Concept (IBC) frame that places the battery in the down tube for stability, and 120mm of active rear travel.
- Bosch Performance CX 250W motor and 500Wh battery give you plenty of power and range, for those wandering rides that take you further than imagined.
- SR Suntour Aion 35 LO-R fork and RockShox Deluxe RT shock, each with 120mm of travel, to keep your wheels driving you forward and carving tight lines.
- SRAM NX 11spd shifting with 11x42 cassette gets you up, over, and ripping tight single track.
- XLC AllMtn dropper post with remote helps get in and out of the saddle when things get extra awesome on wild trails.
